# Abed El Razzak Shreim

I am a Software Developer with a major in Mechatronics and hands-on industrial experience in the Automation & Reliability Department at Sibline Cement Plant, where I got the grade excellent. I also gained one month of internship experience and five months of professional work at Way2Go Digital, contributing to four key projects. As a self-taught Web Developer, I've completed six freelancing projects, including e-commerce and business websites, and payment gateway integrations with Blom Bank Cybersource and Areeba. Outside of work, I enjoy drawing, exploring physics, and connecting with new people.

## Experience

### 1. Sibline Cement Plant – Automation & Reliability Intern – 4 Months

6/11/2024 → 11/1/2024 **Grade: Excellent**

During my internship at Sibline Cement Plant, I gained practical experience in cement manufacturing operations, from studying the LIBNOR standard and raw material processing to final production, while exploring key machinery like kilns, vertical roller mills, and ball mills. I studied automation technologies such as PLCs, SCADA, HMIs, and sensors and their role in enhancing production efficiency.

As part of a personal project, I focused on securing the HMI network that consists of 29 HMIs. The purpose of this project was to address a critical problem: how to maintain operational continuity in case of a partial or full failure of an HMI.

#### Key Contributions:

- Prepared the Allen Bradley 2711P-T6M20D HMI as a reserve HMI for the 2711PT6M20D8 Allen Bradley by extracting and downgrading the HMI \*mer file.
- Gathered and organized comprehensive datasheets for all HMIs into individual files.
- Created an Excel sheet detailing location, brand, identifier, editor and runtime software, lifecycle, hardware specs, and connectivity options.
- Developed tutorials for HMI management steps, including: HMI Application Upload/Download, Remote Access, Loading HMI Applications on a Laptop, and Restoring \*mer Files with FactoryTalk View Studio.
- Prepared a report summarizing HMI quantities by brand (Allen Bradley, Beijer Electronics, Eaton, Schneider, Siemens), challenges faced, solutions implemented, and insights into potential risks.

### 2. Full Stack Web developer at Way2Go digital – 4 Months

7/26/2023 → 11/30/2023

- Worked within a team of 4 developers on 3 projects using ReactJS, php and WordPress.
- Built business, e-commerce websites and maintained other premade websites.
- Built Restful APIs : Database communication and Blom Bank Cybersource payment gateway.

### 3. Full Stack Web developer intern at Way2Go digital – 1 Month

6/26/2023 → 7/26/2023

- Worked within a team of 4 developers on an e-commerce project, using REACTJS and PHP.
- Built Restful APIs: Database communication.

### 4. Freelancing

12/01/2023 → Present

- I successfully completed 6 diverse projects utilizing WordPress, JavaScript, PHP and CSS. These projects encompassed informative, business-oriented, and e-commerce websites. I got to work on these projects through leveraging referrals.
- Built Restful APIs: Payment Gateways (Blom Bank Cybersource, Areeba Gateway)

## Professional Projects

#### 1. Vresso Casa - Ecommerce - Blom Bank Cybersource Gateway

<https://vressocasa.com/>

ReactJS, Tailwindcss, PHP

#### 2. ICCEnergy - Business

<https://icc.energy/>

Wordpress, CSS

#### 3. Premier ARC - Business

<https://premier-arc.com/>

Wordpress, CSS

#### 4. Dentreoper 360 - Business

<https://dentreoper360.com/>

Wordpress, CSS

#### 5. Navigate Success - Business

<https://navigate-success.com/>

Wordpress, CSS

#### 6. Fleurielb - Ecommerce

<https://www.fleurielb.com/>

Wordpress, CSS

#### 7. MUC ACE - University Informative

<https://academy.muc.edu.lb/>

Wordpress, CSS

#### 8. Mega Brands - Areeba Payment Gateway

<https://megabrandsoutlet.net/>

PHP

#### 9. Vitto - Blom Bank Cybersource Gateway

<https://vittoononline.com/>

PHP

#### 10. Hafnutrition - Ecommerce

<https://hafnutrition.com/>

Wordpress, CSS
